**Senate of Pennsylvania**

October 8, 2008

Daniel D. Klees, Chair  
CCMPO Coordinating Committee  
Centre Regional Planning Agency  
2643 Gateway Drive, Suite #4  
State College, Pennsylvania 16801

Dear Chairman Klees:

Thank you for your recent letter detailing your concerns regarding the safety improvements advancing for the Rt. 322 corridor in Harris and Potter Townships and your call for increased speed enforcement along this particular route. I certainly appreciate hearing from you in this important matter and I am in support of your position.

I have been in contact with the Rockview-Troop G Unit in asking them to increase there efforts throughout this corridor and have been assured that they will attempt to provide a more visible presence where possible within this dangerous section of roadway.

I might add, I have continued to press Transportation Secretary Allen Biehler for additional safety dollars to ensure that the Department provides the best possible safety program within this corridor considering the design limitations it presents. Until the Commonwealth can again afford to develop a new limited access roadway to replace this outdated, over-loaded corridor, I will continue to support these safety improvements.

Sincerely,

Senator Jake Corman
